

**Scheme for Settlement of Demand of additional premium made to lessees by Rubber Park India P Ltd**

**Introduction**

Rubber Park India P Ltd - a Joint Venture Company of Rubber Board and KINFRA had established a Rubber Park at Irapuram in 107 acres of land.

As the Govt. used to pay only compensation based on market value under the Land Acquisition Act as assessed by the revenue authorities at the time of acquisition, the land owners used to approach the Court for enhancement of the compensation. Hence Rubber Park was not in a position to arrive at a fixed development cost/ lease premium. Accordingly the Park had fixed the development cost/lease premium based on the acquired value and allotted land to various entrepreneurs with a provision in the Lease Deed/Manual of Instructions/Memorandum of Understanding for collection of enhanced compensation to be paid to previous land owners on a proportionate basis.

The previous land owners disputed the valuation and contested the same before the Courts. Finally Rubber Park India P Ltd became liable to pay the previous owners at the rates fixed by the Courts. Based on the Court orders, Rubber Park paid compensation to the previous land owners and in turn demanded the additional development cost / lease premium from the lessees @ Rs.15,700/- per cent in January 2014. The due date of payment was 04.03.2014 and interest @ 16.5% p.a was to be charged for delayed payments. Only a few lessees settled the demand in full, some have settled a small portion of the demand and some lessees requested for instalments for settlement. Since the non payment of demand is in violation of the terms and conditions of the lease deed, Rubber Park India P Ltd had issued lease cancellation notice to the lessees who had not settled the additional demand due to land acquisition cases.

Rubber Park India P Ltd is not in a position to issue any certificate or NOC to the entrepreneurs for availing/renew/enhancing financial assistance from bank/licence from statutory bodies etc due to non payment of demands. This will affect the smooth/ hassle free operation of the industry. The non payment of demand will also affect the financial stability of Rubber Park India P Ltd. Certain lessees in Rubber Park India P Ltd has approached the company for waiver of interest and an instalment scheme for the settlement of the additional demand. Rubber Park India P Ltd had offered a one time settlement scheme towards the

settlement of demand towards the land acquisition cases without interest in 12 equal monthly instalments from 1.08.2017 to 31.10.2017. Eventhough many lessees had opted for the above scheme, certain lessees had requested for an alternative scheme with a settlement period of 5 years.

Considering all the above facts, the Board of Directors of Rubber Park India P Ltd has decided to implement an alternative settlement scheme in addition to the existing scheme as below towards the settlement of demand towards the land acquisition cases with interest in 36 equal monthly instalments.
